Con questa SIM potrai attivare i tuoi iPhone!

Come si fa?

1. Per attivare mettere la scheda nell'iPhone.
2. Collega il cavo dati al computer.
3. Apri iTunes (il computer deve essere collegato alla rete).
4. E poi attendere circa 5-10 secondi.

iPhone si collegherà automaticamente al servizio di iTunes e poi verrà attivato automaticamente.

Attivazione SIM Card compatibile con:

iPhone 4,
iPhone 3GS,
iPhone 3G,
iPhone 2G,

Nota: Questa carta SIM non sblocca la baseband del telefono!

Once you've got your new iPhone, you'll need to connect to the latest version of iTunes to activate it. And which will ask for activation with original simcard. But when you have not the original SIM, what to do?

1. To activate put the card into the iPhone.
2. Data cable should be connected to the computer.
3. Open iTunes (the computer must be connected to the network).
4. And then wait about 5-10 seconds.

iPhone will automatically connect to the iTunes service and then will be automatically activated.

Activation SIM Card compatible to:

iPhone 4,
iPhone 3GS,
iPhone 3G,
iPhone 2G,

Note: This SIM card not for unlocking phone baseband!
